Access to capital is critical to many small businesses, yet most owners do not understand how to determine qualifications, what financing options are available to them and to often they do not know what road blocks they may face in obtaining financing.

**Financing Your Business** is a workshop created by UCEDC to inform business owners on how to prepare for obtaining capital.

## Workshop Topics with Q&A

- Financing options available to small businesses
- What lenders look for
- Understanding your credit and the role it plays in obtaining financing
- Matching the right financing program to meet your needs
- How to prepare for a meeting with a lender
